Classified employees in higher education automatically become members of the State Employees Retirement System (SERS).

Unclassified employees must make a **one-time irrevocable election** of retirement plan membership. **Serious consideration must be given to the election of a retirement plan, as it is an irrevocable decision. Election must be made by the first day of employment. The proper retirement plan contributions must be deducted from the employee's first paycheck.**

**Special note:** If you elect the ARP, Hybrid or TRS and are subsequently employed in a position ineligible for participation in these plans, you will automatically begin participation in SERS.

See page 2 for retirement plan election choices.
